PUBLIC SAFETY MEASURES

Local Red Cross Need Material

An urgent appeal is sent out for cotton cloth, sheets, bed spreads or any material of this kind is needed at their work rooms in the Masonic Block, Norway.

The members have accomplished wonders since their organization, and the public are responding cheerfully to every request. At present the foregoing material is needed at once if this humanitarian work is to continue. Remember we are making history just as truly as did the Minute men on the Lexington greenward. Attention to minor details is the secret of having big armies with the least possible friction. The same carelessness in small things applies to the conservation of our boys who are to stand between christian civilization and barbarism. Help the Red Cross thus make history and alleviate suffering.

Gay Carter returned to Haverhill, Monday evening. His family will remain for a further visit with relatives.

Mr. and Mrs. Ralph Richardson and daughter visited relatives in Madison, Saturday and Sunday.

Large Automobile Party Here

Seven automobiles filled to overflowing with real gypsies opened camp late Wednesday on the Klain lot, once the Stinson place. Men, women and children gaily cavorted in the customary gypsy raiment make up about as tough looking aggregation as could possibly gladden the eye of any movie fan. This is the combination that has been chased about the state and kept moving because of their uncomplicated frame.

Members claim the outfit hails from Boston and on its way back but each carries a Pennsylvania registration plate. This rolling stock represents several makes, but is in good condition, indicating more or less thrift with probably a "mechanic" among their number.

The omen tell fortunes, but when they can't bum and give impressions of being light fingered. One in particular has a smooth way of sizing up one's pockets while wishing you oceans of good luck. An interesting, but undoubtedly not a rare occurrence was an addition to the caravan "somewhere in Oxford." It was a baby born late Tuesday night. The women were running about for milk soon after their arrival in camp. "For dat little baby and dat little molder."

Apparently wash day is a rainy one for 300 feet of wire fence displayed colored garments that sends the rainbow to the stable a bad loser. The rainy Wednesday night did the trick, the flashy raiment coming from nature's laundry at last wet.

Nearly every business place received a "touch" Thursday morning from a female squad, who would tell you everything from the palm, except facts concerning the war situation. Apparently this was bargain day, for a shrewd visitor could get a long story for a "bite of tobacco" or a small coin.

Several complaints were received during Thursday forenoon and evening. Deputy Sheriff Stinson made an official visit to their camp. The proposition didn't look attractive and the obnoxious visit was ordered to clean out at once. Many plausible excuses were made for a chance to remain, but the deputy gave them until 1 o'clock to vanish or something interesting would happen. They left.

Wilfred Kimball who has been at the Truitt Hospital for the past few weeks, returned to his home at West Paris Sunday.

Homor D. Tubbs of Boston has been visiting his mother, Mrs. Iza Tubbs. Susie Jewell of Springfield, Mass., is spending the summer at A. W. Whitehouse's.

Mr. and Mrs. W. L. Greenleaf and son Philip were guests last week in Kennecott at the home of Mr. Greenleaf's brother.

Floyd Haskell is having a few days' vacation before reporting for service at Augusta on the 15th as a member of the sanitary detachment, C. A. C.

Mrs. Mary Lovell, head nurse at the Toews Home, is spending the week with Mr. and Mrs. Vivian Hills. She was registered as a Red Cross nurse and is expecting a call at any time to go to France.

Mrs. Frank M. Buswell returned Saturday from a week's visit at Stoughton, where her husband is employed for a few weeks.

Elgin Greenleaf caught two trout on the west shore July 9th, one weighed 3 and the other 2-1/2 pounds. A big salmon got away from him. All this happened at Moosehead and not on Penesseewassee Lake.

Sixty women met Tuesday afternoon at Massie hall to work for the Red Cross. The hall is open every afternoon except Monday and is open Tuesday and Thursday evenings. More money is needed to continue the work and more women are urged to be present and sew for this worthy cause. Three boxes of goods were shipped Thursday.

The two convertible trolley cars that arrived from Washington, D. C., will be put in commission at once and run on the Norway & Paris line. New wheels are to be added and a few changes made before they will be ready for service.

Toney Young is back on his office job at Bangor, Maine after enjoying a short vacation in Portland.

John Prince is watchman at the shoe factories this week while Alton Merrill has his annual vacation. He is getting his rest while driving a stone team for the Main street road layers.

The law sign on L. J. Brooks' store is the work of George H. Bennett. Each letter is hand carved and carefully gold leafed, representing five days' hard work. The work was done with fine saws and a pocket knife, the model being taken from a draughtsman's book.

S. F. Gage of Derry, N. H., representing the Murphy Varnish Co., was in town Wednesday on business.

Extensive preparations are being made at the Jonathan Blake homestead on Cottage street.

On Wednesday, July 18, at 2:30 in the afternoon, the ladies of the Congregational church will hold a sale on the lawn at E. N. Sweet's home. A good sale will be displayed various articles of fancy work. Sherbet and cake will also be served. Everybody invited to come and spend a social hour.

NORWAY MUNICIPAL COURT

Wm. F. Jones, Judge

Deputy Ernest F. Shaw brought Willie Cloutier, claiming Sherbrook Que, as his residence, before the court Wednesday, charged with defrauding Mrs. Iza Porter, South Paris of a \$25 board bill. He pleaded guilty, but the case was continued one week with bail fixed at \$100. In getting away from town he returned unusually early. At the proper time the suit case was dropped out of the window then he followed slyly by another route and boarded the evening train west. This sudden departure was tipped at Bryant's Point by Deputy Herma Billings and a return trip made to South Paris.

Overland Service Station Opened

Frank H. Beck formally opened an automobile salesroom in his new block on Main street, Saturday. This place will hereafter be known as the Overland Service Station, where everything pertaining to that car can be found in stock. A large variety of models are on hand, and more coming. James Finney is in charge of this department and constantly on the spot demonstrating to all interested in this particular car.

An up-to-date garage 60 x 80 is to be built in the rear of the Elm House stable. Hiram Wiles and crew are placing the foundation and the carpenter will begin soon on the one story building with a monitor roof, to be used for repairs and storage. The stable has been converted into a shop where light repairs can be made and overhauling done until the new building is ready for occupancy.

Mr. Beck started in a modest way about ten years ago in a small garage that he put up on the corner of Elm House stable. In 1909, two years later, the business had outgrown its modest home and a larger and better equipped garage was erected on Main street near the Norway and Paris Street Ry. office. For eight years the place has been the headquarters for all motorists in this section.

In 1916 he procured the well known Elm House property and removed the ancient landmark. He had the basement completed and carpenters at work late in November on a block that today contains the new post office apartments, two comfortable tenements and his up-to-date salesroom.

After the new home was completed Mr. Beck believed it a sound business proposition to specialize in the sale of Buick Garages and equipment to Elton Brown of the Norway Auto Co. and opened his new quarters featuring one line and catering to that particular service.

Annie Bedard

Annie Bedard, formerly of Norway, passed away at the home of her sister, Mrs. Ada O'Clair at Auburn on July 10, at the age of 26 years, 11 months, 22 days.

She was the daughter of the late Dr. Prudent and Artemise Bedard. She was born in Harrison, but moved to Norway when about two years of age. She received her education in the public schools of Norway. Since the death of her mother, she has made her home in both Augusta and Lewiston.

She leaves to mourn their loss, three sisters and two brothers. They are: Mrs. Ada O'Clair of Auburn, Mrs. Arsene Frechette, Mrs. Robert Schenk, Mrs. Bedard and Prudent Bedard, all of Norway. Funeral services will take place at St. Louis Catholic Church of Auburn. Interment will be in Lewiston.

News Wanted from Local Reporters

Our correspondents are our main stay in the paper's bill of fare or contents. The interesting doings of communities are what all want to read and people become subscribers and read the paper chiefly because of these reports.

The work of our correspondents vastly helps the paper, yet there is one kind of correspondence that does not help and those are items intended to be of offensive.

It is not the business of the paper to tell individuals their faults, not societies or communities. "Helpful, human, kindly items: not selfish, personal likes and dislikes."

This is what we want. Send them in. Let us know you are the correspondent and they will help you in getting the news. Call at the office when in town.

Grass was cut in the George A. Cole field Tuesday. Col. Eugene F. Smith also had the grass leveled on the lot near his residence the same day. This action is an annual fall weather breeder, thus saving the grass from being trampled.

Young commented on Col. Smith's hay-making this wise, "I have seen grass cut on that lot during the past 18 years and only once has he been able to make it up without being against a rain storm."

Norway Baptist Church Program

A well arranged program under the direction of Mrs. Elmer Aldrich was presented Sunday afternoon by the Norway Baptist Sunday school. Cook, Mr. and Mrs. Forest Thurston, Mr. and Mrs. Jesse Lewis, Mr. and Mrs. Neddie Lewis, Mr. and Mrs. Carrie True, Alice Sweet, Irene Lewis, Mabel Warren, Mrs. Martina Richardson, Geo. H. Bennett, O. LOCAL PICK UPS, ETC.

Wolfeboro, N. H.

Lake Winnepesaukee

Friday, June 29th, this is my mother's birthday, she was born on Holt Ridge near the center of the town and is buried in Oak Grove Cemetery, Meredith Center, N. H., 30 miles from here. She died 6 years ago and father died in 1902, aged 70. His birthday was Nov. 10 and the event occurred in London, N. H., in 1823.

Wednesday evening at Newport, Me., I sent a night letter to A. E. Forbes of South Paris, asking him and the Mrs. to accompany us here on Friday. Mrs. Forbes being busy in Red Cross and other work and I wanted to give her 24 hours to pack Arthur's dress suit and put up a luncheon. I arrived in Norway before tea was delivered and was sorry they were at their Shaggy Pond camp, beyond the reach of telephone.

Mrs. Wm. C. Leavitt was prevailed on to assist Mother in caring for me and the Sauborn caravan reached Wolfeboro Friday afternoon well bedraggled with mud and water. Several terrible showers were encountered which added greatly to the mellowness of recently repaired roads.

Our arrival at the Elmwood, once known as Hobbs' Inn, and many years ago the hotel and town with regrets for the Pinkham of Newmarket. He has published a paper in that town 44 consecutive years and his people have become so well trained as to accept at par anything he chooses to hand out to them in the newspaper line.

Secretary Charles Gilman Jenness and wife of Rochester, with Cousin Charles Jenness and wife of Farmington in a Studie car were soon to arrive in a pelting rain. Mother and I assisted the Newmarket editor in extending the welcome of the hotel and town with regrets for dampness, muddy roads, etc. By seven o'clock so many had arrived I felt at liberty to retire from the receiving line and turned it over to members of the Paint and Oil Club of Boston, who soon launched the Seventeenth Outing in proper form—this being the second time the pleasing ceremony has been performed in this town.

Wolfeboro is an old town. I doubt if General James Wolfe, who gave up his life on the plains of Abraham near Quebec in 1759, had anything to do in its settlement, however, if Postmaster Frank Hobbs says he did, I shall accept it as final and announce that Wolfeboro, N. H.—On-the-Lake was named for Gen. Wolfe and not for the animal he is reported to have been smoked out of its den by Gen. Israel Putnam of Revolutionary fame. It matters little how it came by its name as it is one lovely town when "the lake is out" and has on its summer clothes.

Mr. Hobbs did tell me that John Brewster was born here and left a million and a quarter of dollars to the school that bears his name. He didn't tell me that Vice President of the United States Henry Wilson, attended school here as every person is supposed to know that fact along with the early changing of his name from Colbath to Wilson.

Mr. Hobbs told me a recently deceased citizen who left Wolfeboro \$30,000.00 for rural schools and internal improvements.

All of which is gratefully accepted and others are requested to do likewise.

The Brewster Free Academy is an imposing fire-proof stone and brick structure overlooking the Lake and is not far from the site of "The Pavilion" of 40 years ago, which was regarded as the finest hotel located about the Great Lake and only the select were allowed to view the wonderful scenery from its verandas.

Near the Academy is the Soldiers' Monument and the Congregational church, school dormitories, and the Brewster Free Academy, all well kept lawn and plenty of shade trees.

The training in this school is free to any one in the world, regardless of age and color, provided the applicant can certify to having "a good moral character" and there is a vacancy.

There are eight teachers and six of whom have letters after their names with Charles W. Haley as principal. The "courses" are many and varied, but all "preparatory" including printing and domestic science, which I suppose is a new name for washing dishes and bread-making. The graduating

New Fire Station Assured

At the South Paris Village corporation meeting held July 2, it was voted to erect a building for a fire station on the Pine street lot at a cost not to exceed \$4500. The money is to be borrowed and raised by taxation at the rate of \$500 and interest per year, beginning in 1918.

The plans as submitted by the committee, O. K. Clifford, Alton G. Mason and Charles E. Merrill, are for a one story building and basement 55 x 40. This will be divided into an office, the fire alarm system room, the firemen's room and space of the apparatus. It is estimated that the building complete, including plumbing can be erected for the amount appropriated.

Town Meeting for Important Matters

A special town meeting will be held in New Hall Saturday, July 14, at 2 o'clock in the afternoon. There are three purposes of this meeting. One is to choose a committee to make thorough examination and investigation of the grammar school house as to its safety. It is evident from the situation that the building must be used for another year at least.

Another purpose is to provide for the deficiency in snow bills. At the annual meeting the sum of \$3000 was appropriated, but bills already in are about \$300 in excess of that, and it is likely that considerable more is yet to show up. Action is also to be taken in regard to changes in Wester Avenue and Nichols street recently laid out.

Mrs. Wealthy Ann Clifford

Mrs. Wealthy Ann Clifford died at her home in South Paris at an early hour Wednesday morning July 4. She was the daughter of Luther P. and Clarissa (Daniels) Brett, and was born Dec. 15, 1835, in Paris, which town has always been her home. She married Charles H. Clifford, March 3, 1855. Mr. Clifford died in 1905.

Three sons survive, George H. and Wallace K. of South Paris, and C. Alton of Mexico. Two daughters died some years ago, Carrie when about sixteen years of age, and Laura a few years after her marriage to Frank A. Shurtleff. Mrs. Clifford was also survived by a sister, Eliza, widow of George Richards, formerly of South Paris, now residing in Oxford, brother, S. Newell Brett of Oxford, and a half sister, Mrs. Georgia Day, of Franklin, Mass. There are thirteen grandchildren and three great-grandchildren.

Mrs. Clifford had been a member of the South Paris Congregational church for 65 years and the funeral at 4 o'clock Thursday afternoon was attended by Rev. A. T. Llewellyn, the pastor of that church. Burial was in the family lot in Riverside Cemetery.

Mrs. Orta H. Bumpus

Mrs. Margaret Llewellyn, 71 years of age, wife of Orta H. Bumpus, died at her home on Pleasant street, South Paris, early Tuesday morning. She had been in failing health for many months, that resulted in arterio-sclerosis.

She was the daughter of Winslow A. and Caroline Richardson and was born in Hebron, October 11, 1844. She married Mr. Bumpus nearly 51 years ago and lived some time in Sumner before settling in this village about 34 years ago. The deceased was a member of Mt. Pleasant Rehekah Lodge.

Besides her husband she is survived by a sister, Mrs. Fannie Record of Boston; to nephews, Llewellyn Record of St. Paul, Minn. and Winslow A. Record of Malden, Mass.; a niece, Mrs. Caroline B. Kimball of Boston and other relatives.

Services will be held this Thursday afternoon in the Universalist church conducted by Rev. Chester Gore Miller. Burial in the family lot at Buckfield, Friday.

Esther Tyler of Bethel was the weekend guest of Mr. and Mrs. Geo. Burnham. She delighted the audience in the Deering Memorial church Sunday morning with a cornet solo.

Mr. and Mrs. N. G. Elder recently entertained a small party at their home in honor of Mr. and Mrs. H. W. Deming of Indiana. Thirteen tables were set at room for the first part of the evening, and refreshments were served.

Mrs. Cora S. Briggs, Mrs. Kate Linder and Dr. and Mrs. Carl S. Briggs spent the Fourth at Bailey's Island with Catherine G. Briggs, superintendent of nurses at Talitha Cumi Hospital, Jamaica Plain, Mass., who is spending a month at the island.

Mrs. Martha Evans has closed her home here and gone to the home of her sister, Mrs. Carrie Lane of Upton. From there she will go to the home of her son, Fred H. Evans, at Errol, N. H., remaining during the summer.

Business has been rushing with Geo. L. Sanborn in the Register of Deeds office during the past three months. County fees received in the office and paid to Treasurer Geo. M. Atwood, amounting to \$416 for the quarter ending June 30, were the largest ever collected in a single quarter. Another record was set last week when a \$20,000.00 trust mortgage was recorded, the largest amount filed in the office. About a year ago the longest record ever presented was the government purchase that covered a big acreage in the White Mountain region. While this made a bulky manuscript yet the total amount involved was far short of latest big deal recorded.

Quite a few people made auto trips to Augusta Sunday to visit friends and relatives at Camp Keyes. The following are among those who went: Mrs. Lou Daugherty, Phyllis Taylor, Mr. and Mrs. Harold Fletcher, Mr. and Mrs. Louis Clark, William King, George McGinley, Caroline Gray, I. PLENTY OF PROOF

From People You Know—From
Norway Citizens

The greatest skeptic can hardly fail to be convinced by evidence like this. It is impossible to produce better proof of merit than the testimony of residents of Norway, of people who can be seen at any time. Read the following case of it:

E. C. Libby, deputy sheriff, Sanborn St., Norway, says: "I had backache a great deal and it was hard to do anything. Not only that but my head ached very often. I noticed little specks before my eyes and my sight blurred. I used various medicines, but it was left for Doan's Kidney Pills to give me lasting results. Since using them, I have had no return of the complaint so I naturally have great confidence in Doan's."

FORMER GOVERNOR CONNOR DEAD

General Selden Connor, former governor of Maine, died at his residence in Augusta, Monday, July 9th, after a lingering illness from a complication of diseases. The funeral was held Thursday afternoon.

Selden Connor was a native of Fairfield, Somerset County, having been born in that town, January 25, 1839, son of William and Mary (Bryant) Connor, and was educated in the schools of his native town, St. Albans Academy, at Hartland, Westbrook Seminary and Tufts College, from which latter institution he was graduated in 1859.

At the breaking out of the Civil War in 1861, he enlisted as a private in the First Vermont Volunteers, and during the same year was made lieutenant colonel of the Seventh Maine Volunteer. In 1864 he was again promoted, being made colonel of the Nineteenth Maine Volunteers in May of that year. During the Battle of the Wilderness, he received in the left leg a wound from the effects of which he never fully recovered. During the following month he was retired with the rank of brigadier general of Volunteers.

In 1869 Gen. Connor was made an assessor of internal revenue, and in 1876 he was elected Governor of Maine, which office he held for three terms. He was appointed United States pension agent in 1882, holding the office for five years and upon being reappointed in 1897, held it until the agency was abolished a few years ago. Gen. Connor also served as adjutant general for Maine.

Gen. Connor was married in 1869 to Henrietta W. E. Bailey of Boston and they had three children, two sons and one daughter, the Misses Mabel and Rosemont Connor. Mrs. Connor died a few years ago.

A lady who is deaf was recently hurt badly by being hit by one. It is a law that should be enforced.

Mollie Hutchins is visiting her grandparents, Mr. and Mrs. R. T. Chase in Cornish.

Chas. Warren is visiting his family at Blanche Page's boarding house.

One of the saddest accidents that has happened in this vicinity for a long time, was the killing of Charles Seavey's little six year old boy who was kicked by a horse. Rev. Mr. Doughty attended the funeral and spoke very comforting words to the bereaved family.

Engagement Announcement
An engagement of much interest was announced recently, Bertha Laura Warren, only daughter of Mr. and Mrs. Geo. O. Warren and John Wentworth Kerr, youngest son of Mr. and Mrs. John Kerr.

Both of the young people are very popular, and have many friends who are offering their felicitations. Mr. Kerr has enlisted in the Neal Dow Battery. Both Miss Warren and Mr. Kerr graduated from Fryeburg Academy and have always lived in Fryeburg.

There is more Catarrh in this section of country than in all other places put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly using them, Catarrh, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the blood on the mucous surface of the system. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circulars and testimonials.

Cassander Sampson of Tilton, N. H. (a native of Harrison) and Bishop Nelson of Albany, N. Y., who gave a fine address and read the names of our boys who have already enlisted, which was as follows: Bert Davis and Charles Glover in the navy and Philip Chute, Hartley and Samuel Pitts, Fred Wood, Harvey and Nathaniel Whitney, coast patrol. Some very inspiring music of a patriotic nature was finely given by some of our musical colony who are already in town, among whom we noted Mrs. Lillian Stradling, Miss Parmelee, Miss Vosberg, Charles Harrison, John Nelson, Mr. Bristol, Mr. Scofield and several others of our summer guests. The meeting, although of an impromptu nature, was most impressive and felt to be very appropriate for these times.

THE REASON WHY

It's the Long Blue Chimney!

The Long Blue Chimney makes the New Perfection oil cook stove. No drugery; no uncertainty; no delay. Food perfectly cooked, when you want it, and without burning up your strength.

The Long Blue Chimney is as necessary to obtain clean, intense heat from an oil stove as the glass chimney is to obtain clean, satisfactory light from an oil lamp. You can't have perfect combustion without it.

For hot water—the New Perfection Kerosene Water Heater—it provides abundant hot water for laundry, kitchen and bath at low cost. Ask your dealer for descriptive booklet.

For best results use SOCONY Kerosene.

BURY THE GUNS

Go bury the guns in any command you'd have peace all through the land. Go, bury the guns, the sword and spears. You'll have peace all through the land. Silence the rifle and muffled drum. And live in peace the years to come. Stop that march of steady tread. Stop that long list of the dead. Stop this war of worthless worth. Stop this hell here on the earth. War itself is a waste of time. Death and destruction, well combined. Tell me they'll cross the main. Will they come back, ah never again. Don't lay their bones on foreign shores. Where fathers gleam and the cannon roars. Don't send that lad across the sea. No man should die for you nor me. It is my one, my honest plea. Don't send that lad across the sea. To fight the traitor and the knave. And fill a dark and lonely grave. The child that mother once did hold. Dearest to her than the miser's gold. Don't take away from him his breath. Don't seal his lips with the hand of death. If you would save our loyal sons. Go, bury deep the murderous guns. Where billows roll and storms they sweep. Go, bury them deep, ye fathomless deep. Frederick Marshall Davis.

It Really Doesn't Take Much Time to Bake at Home

Daisy Baker's Mother Says

Many women hesitate about baking at home because of the time they think it will take. The fact is that in these days it doesn't take long at all. Simply use more yeast. It won't taste in the bread if the dough is closely watched and put in the oven at the right time. With prices the highest in years, you owe it to yourself and family to take the little time necessary to bake at home.

Do your part in saving by cutting your bread cost in two—and give them better bread.

Of course, a lot depends on the flour you use. My favorite is William Tell. It has a delicious natural flavor and wonderful baking qualities. It's made in Ohio—guaranteed under the Ohio Better Flour Label, by the Ansted and Burk Company who make it, and by the grocer who sells it.

Use WILLIAM TELL Flour

The flour of the triple guarantee that takes the ache out of bake and puts the flavor in.

NORWAY AND VICINITY.

Fort San Houston, Texas
News was received here tonight, June 28th, 1917, that the 2nd Cavalry, with a few thousand American aviators, had arrived safe in France.

General Peabody, commander of the southern department of the army, arrived safely in France and is now located at Paris.

Four truck companies and a company of Hospital Corps have left this port for the east and will leave there shortly for France.

There is to be a shipment of Quarter-Master Men leave here the 15th of July for France.

There are a new officers' training camp being established at Leon Springs, Texas, where over 5,000 would-be officers are taking the necessary training.

I have been asked by several of my friends about my duties as a chauffeur in the Quarter Master Corps, Regular Army at Fort San Houston, Texas, so will try to give them all an idea through my home paper.

In the morning we get up at 5:30 A. M., make our bed and sweep out our tent. Stand roll call at 6:45, eat breakfast at 6:00; at 7:30 we go to the office of the truck master to get our orders for the morning, then we take our machine and go wherever the orders state, come back at 11:30, eat dinner at 12:00. At 1 P. M. we go back to the truck master for orders for the afternoon, then go out again, come in at 4:30 P. M., eat supper at 5:30. After supper we go out and fill our machine with water, oil and gasoline ready for morning, then we go in and make out a report of our day's work and turn it in to the Truck Master.

Each company has a special detail for the day and one day out of every ten we are on the reserve, which means we do not go out only in case of necessity and the next day we do guard duty.

The above is a general idea of my work.

(Signed) Guy E. Harriman,
Leon Springs, Texas.

H. F. Fuglesy of Cook's Mills goes through the village every Friday selling fish and meats. It is a great convenience to the people.

John Ingersoll and wife have visited relatives in Newport.

We were gratified to learn that "the glorious Fourth" was passed quietly in our little village, also "the night before." A few years since your correspondent was laughed at when advocating a "safe and sane Fourth" but it is coming along with prohibition and suffrage, on account of the war!

A very pleasant session of the grange was held Saturday evening. A festival of the program was quotations by all and nearly every one responded. There were articles read and patriotic songs sung besides the usual social.

An address on Suffrage was given by Hon. Alton Wheeler of South Paris at the church Thursday evening under the auspices of the W. C. T. U. There was music by the young people. Yellow and white were in evidence in the decorations. Mr. Wheeler held the closest attention of the audience and it was one of the successful language championed "Votes for Women." Mr. Wheeler would like to see the word "politics" eliminated from the dictionary, for today the country needs the help of every good citizen, regardless of sex. A collection was received for the local treasury.

Regarding Rev. Baman N. Stone

Hamlin D. Brown, traveling corres-
pondent of the News and Critic of La-
conia, N. H., in a recent letter from
Chicago to that paper has this regarding
Fryeburg's famous preacher:
"Forty years to a day from the time
he founded the church of the New Jeru-
salem at Fryeburg, Me., Rev. Baman Nel-
son Stone, the only pastor the church
has ever had, preached his farewell ser-
mon."

The only other church where Mr. Stone
ever held a pastorate was in London, N.
H., where for four years he was pastor
of the Congregational church. After Mr.
Stone had completed his education he
was engaged by his father to become
pastor of the church in London. I have
no records with me and was only a
young boy, but should think it was from
1872 to 1876 that he was there. Mr. and
Mrs. Stone have one son who graduated
from Amherst College and accepted a
fine position with Babson the statistician
at Wellesley Hills.

A few years ago I met Mr. Stone upon
the street at Fryeburg and knew him
after an absence of more than 30 years.
I remember a sermon which he preached
from Matthew, J. Monroe Tenney whose
pew was next in front of ours, was so
pleased with the sermon he shouted
"Amen" which surprised Mr. Stone.

At that time the services began at 10:
30 and lasted until 12. One-half hour
for Sunday school and 30 minutes for
lunch, then services from 1 to 2:30 and
another meeting at night. Many of the
people had to drive from three to five
miles and were nearly always present.

MRS. KIESO SICK SEVEN MONTHS

Restored to Health by Lydia E.
Pinkham's Vegetable Compound.

Aurora, Ill.—"For seven long months
I suffered from a female trouble, with
severe pains in my
back and sides until
I became so weak I
could hardly walk
from chair to chair,
and go to bed every
night. I would jump at
the slightest noise. I
was entirely unfit
to do my house-
work, I was giving
up hope of ever be-
ing well, when my
sister asked me to
try Lydia E. Pinkham's Vegetable Com-
pound. I took six bottles and today I
am a healthy woman able to do my own
housework. I wish every suffering
woman would try Lydia E. Pinkham's
Vegetable Compound, and find out for
themselves how good it is."—Mrs. CARL
A. KIESO, 596 North Ave., Aurora, Ill.

The great number of unlettered test-
imonials on file at the Pinkham Labo-
ratory, many of which are from time
to time published by permission, are
proof of the value of Lydia E. Pink-
ham's Vegetable Compound, in the
treatment of female troubles.

Every suffering woman in the United
States is cordially invited to write to
the Lydia E. Pinkham Medicine Co.
(confidential), Lynn, Mass., for special
advice. It is free, will bring you health
and may save your life.

WHY A PLAYER?

How many times do people say that they'd like to have "life
to live over again?" Sort of a foolish wish. What's past is
gone and regretting isn't going to bring it back not one inch or
one second nearer.

What are the things YOU would like to bring back? Are
you sorry you didn't have a musical education? Many people
have been so busy doing things, they couldn't exercise their
talents much. They found other work to do—more pressing
work.

The Playerpiano is for people of that kind—for people who
DIDN'T HAVE THE CHANCE—or who wouldn't take it.
But—the Playerpiano fills in that gap of things you've wished
for. It supplies music to you—BY YOUR OWN EFFORTS—
that's maybe better than you would have learned it even if you'd
studied and practised.

And it gives you that satisfaction of having a piano in your
home. It makes it LIKE OTHER HOMES. It's a lot better
than looking into the fire, and wondering WHY you hadn't im-
proved your opportunities a good deal. It's better than a home
SILENT for lack of music. It seems as though you'd let more
LIGHT into your home and captured it, to feed it out just as
your desires tell you to. The PLAYERPIANO is the bridge
that connects today with what MIGHT HAVE BEEN in the
long ago!

Pianos, Playerpianos and Organs. New music rolls every
month. Send for catalogues.

SIGNALS BETWEEN BETHEL AND SHELBURNE

The public utilities commission has issued an order permitting the Grand Trunk Railway Company of Canada to make its initial installation of automatic block signals between Shelburne, N. H., and Bethel, instead of between Portland and Falmouth, Me.

The commission explains the situation as follows:

"For reasons fully stated in our order dated June 5, 1917, in the matter of the installation of automatic block signals on the line of the Grand Trunk Railway, our original recommendation was modified to reduce the amount of construction required during the current year to defer the date before which the entire installation should be completed, and it was suggested that the work during the present year should be done on that part of the line extending from Portland to Falmouth, leaving in mind the extension of the signal system now in operation in the Portland yard.

"Since this order was issued the Grand Trunk Railway Company of Canada, which operates this line, has entered upon the formulation of a plan for the ultimate equipment of the entire line described in the original order and now asks for permission to make its initial installation between Shelburne, N. H., and Falmouth, instead of between Portland and Falmouth, claiming that the operating hazards are greater on the west end of this territory on account of the grades and curves. We deem this plan reasonable and it is ordered that the order of this commission in the above entitled case, dated June 5, 1917, so far as it relates to the installation block signals, be and it is hereby amended as to read to permit the road to install its first signals between the above designated points."

Wolfeboro has painted hydrants, crushed stone streets and sewerage; a public library, a town clock and a Judge of Probate.

S. W. Abbott holds that office and is a graduate of Hebron Academy and was in the class with Albert D. Park, who is serving his 28th or 30th year as Register of Probate of Oxford County. Judge Abbott is also distinguished as having roomed while at that academy with Geo. M. Atwood of South Paris, Me., who has held the office of County Treasurer since the days of Jarvis Marble of Paris Hill, having two years when H. D. Smith of Norway, with the assistance of Theodore Roosevelt crowded him out. Mr. Atwood resumed a new lease of office last January.

Myron G. F. Roberts, printer, slept a few months in Norway and in a brass band and married Fannie Whitman Crockett of the Advertiser Office and went to Wolfeboro some years ago and now owns and operates the only printing office in town and is making money and raising three promising children.

The late John L. Horne of Norway claimed nativity in Wolfeboro and once told me he came near perishing while crossing "the Breads" of the Lake on foot on the ice in March. Everybody used to know John Horne as he was a big upper leather tanner of Norway and his factory was in the heart of the city and furnished fragrance free to everyone.

I must return to the subject or the critical managing editor will throw me out. He usually punishes me for efforts in the vast basket and passes up with regrets plausible excuses for his non-appearance.

Wolfeboro is mixed gaited in its industries and has many fine homes and scenic attractions as well as the Grand Army Post of ten members. I inspected Adj. Geo. W. Peaslee and Commander Joseph Brunnet which is one-fifth of the number and was agreeably entertained by them while at the wharf waiting the arrival of Gov. Keyes.

The line steamship was an hour and a half late and disarranged plans which left the management of New Hampshire's Governor on my hand for some hours. I found him a decent sort of an individual and could not refuse to compliment him on the appointment of Andrew Felker (a democrat) for commissioner of Agriculture. This is as far as I went politically.

Another seemed to be much pleased to ride about and be recognized as the first lady of the State, while the war Governor politely tipped his straw to the populace. It was a great day for her and Walter and will long be remembered.

The first citizens didn't interfere over much with the festivities of the publishers and even Mr. Prindle, editor of the local paper, took to his farm and gave the visitors free range of everything including the history of the spit wall and Steve Durgin. Three and one-half feet of this "peasie" makes a George Kennerston used to call it, remains.

I understand the wall was built by the late Stephen Durgin to the eyes of the adjoining bridge to prevent the women from throwing brick-bats to each other and gossiping about their neighbors. From wherever courses erected, it is the curiosity of a generation ago, which has now passed away.

I viewed it in my youthful days with wonder and admiration, also the antics and curses of the Eagle Hotel proprietor when he found a nickel three-cent piece in the till which he had taken for a dime.

This is of days long ago when the "Jim Bell" ploughed the main and the Weirs Bridge was jacked up and raised by John Sleeper over Sunday and Lake Village became a part of entry to the big water, much to the discomfort of the Boston, Concord and Montreal Railroad as was then managed by Joseph A. Dodge of Plymouth.

Wolfeboro is mixed gaited in its industries and has many fine homes and scenic attractions as well as the Grand Army Post of ten members. I inspected Adj. Geo. W. Peaslee and Commander Joseph Brunnet which is one-fifth of the number and was agreeably entertained by them while at the wharf waiting the arrival of Gov. Keyes.

The line steamship was an hour and a half late and disarranged plans which left the management of New Hampshire's Governor on my hand for some hours. I found him a decent sort of an individual and could not refuse to compliment him on the appointment of Andrew Felker (a democrat) for commissioner of Agriculture. This is as far as I went politically.

Another seemed to be much pleased to ride about and be recognized as the first lady of the State, while the war Governor politely tipped his straw to the populace. It was a great day for her and Walter and will long be remembered.

The first citizens didn't interfere over much with the festivities of the publishers and even Mr. Prindle, editor of the local paper, took to his farm and gave the visitors free range of everything including the history of the spit wall and Steve Durgin. Three and one-half feet of this "peasie" makes a George Kennerston used to call it, remains.

I understand the wall was built by the late Stephen Durgin to the eyes of the adjoining bridge to prevent the women from throwing brick-bats to each other and gossiping about their neighbors. From wherever courses erected, it is the curiosity of a generation ago, which has now passed away.

I viewed it in my youthful days with wonder and admiration, also the antics and curses of the Eagle Hotel proprietor when he found a nickel three-cent piece in the till which he had taken for a dime.

This is of days long ago when the "Jim Bell" ploughed the main and the Weirs Bridge was jacked up and raised by John Sleeper over Sunday and Lake Village became a part of entry to the big water, much to the discomfort of the Boston, Concord and Montreal Railroad as was then managed by Joseph A. Dodge of Plymouth.

BETHEL

The June rains ruined some of the crops in this vicinity, low lands being flooded for several days. One man who had put \$40 into seed and fertilizer on a piece of low ground, lost all of it. The warm sunny days of July are helping to make up for the loss of time in growth of vegetation in June and everything now in the ground seems to be showing how fast they can grow. The hay crop promises to be one of the largest and best for years, the grass standing tall and thick.

The fine July weather has quickened the stream of summer travel and Bethel, which has become famous for its scenery and hotel accommodations is receiving a large share of pleasure loving travelers. Autos of all sorts and sizes are seen in our streets every day, coming from many different states and countries. The line of local and transient autos on Main street, near the postoffice make our village look quite civilized, and pedestrians have to look always for danger or safety when crossing the street at that time. In fact autos are so numerous at all hours of the day now, that it requires considerable caution to keep out of danger in crossing the street anywhere in the village.

MAKES TRIP HERE TO GET TANLAC; SHE TELLS RELIEF

Portsmouth Woman Tells of Her Improvement and Endorses New Tonic

"Let me have two bottles of Tanlac, please. I have come all the way from Portsmouth to get it, as we haven't Tanlac there yet and I don't want to run out of it," said Mrs. Seth Trippie, of 368 Marcy street, Portsmouth, N. H., to the Tanlac Man in Portland.

Mrs. Trippie's story shows that Tanlac is just as popular in other cities as it is here. "I had nervous indigestion for nearly a year," Mrs. Trippie explained. "My appetite was poor and I dreaded to eat even a little as I knew I would suffer afterwards. I lost color and weight and was generally run down."

"I was listless and had no ambition. The slightest exertion was an effort and I had intense nervous spells. I was wondering what to do for relief when I learned about Tanlac. So I started on Tanlac and found I had been told the truth, because I began to feel better before I had finished the first bottle."

"I have just finished my third and feel like my old self again. I have a good appetite now and don't have those awfully peculiar feelings after eating. I used to have insomnia and fitful sleep. Now I sleep splendidly the whole night through."

"I visited my mother and she noticed my improved color and the weight I had gained and she asked what caused the change. When I told her about Tanlac she said she would have my sister try it. I am getting one of these bottles for my husband, as he is bothered with his stomach. I gratefully tell everyone about Tanlac so that they, too, may benefit by it."

Tanlac now is being specially introduced in Norway at P. P. Stone's drug store. There is a Tanlac agent in every Maine town. Nearby Tanlac agents are South Paris, C. H. Howard, Harrison, Eugene Tenney, Bridgton, T. E. Stevens, Waterford, L. R. Rounds, East Waterford, R. E. Pinkham, West Paris, S. T.

Grand Celebration

Fourth of July celebration was a grand success. A perfect summer day. Guests began to arrive early, even the day before, from all over the county and some from farther away. It was estimated that there were 700 people here. The first assembling was in the square where from the upper piazza of Smith's store the program for the day was announced by Rev. D. A. Ball and the first was the raising of the flag which was held in a spread out horizontal position by ten girls and the band played Star Spangled Banner as it was being raised, after which a short and fitting address was given by Mr. Ball, followed by prayer by Rev. L. W. Grundy and another patriotic selection by the band.

Next came the automobile parade, which started from Trap Corner coming back through Main street across the river to the end of Greenwood street and back to the square to be judged. The parade consisted of nine very prettily decorated cars. The Atherton Furniture car and trailer carried the band and was decorated with flags. Fred Penley's car was decorated with pink and green representing the Rebekah Lodge. L. H. Penley's car covered with white with red cross nurses dressed in white represented the Red Cross. Ralph Bacon with flags, red cross and occupants representing every department of an army unit. J. W. Cummings with the fine colors of the Eastern Star. Dr. F. E. Wheeler, Camp Fire Girls. Paul Widder, O. I. Peabody, E. J. Mann, patriotic. Eastern Star got first prize and Red Cross, second in the first award of any make of car, and Cummings with the fine colors of the Eastern Star. Dr. F. E. Wheeler, Camp Fire Girls. Paul Widder, O. I. Peabody, E. J. Mann, patriotic. Eastern Star got first prize and Red Cross, second in the first award of any make of car, and Cummings with the fine colors of the Eastern Star.

The obstacle race was won by Billings of Bryant's Pond first, Raymond Haines second. Fred Jump won by Paul Hosmer of Norway, Shattuck second.

High jump, Shattuck 4 feet, 11 inches, Shattuck first, Hammill second.

Relay race won by Norway.

100 yard dash, Davis first, Shattuck second.

Dinner was served in the Grange hall and Centennial hall. Beans baked in the ground were largely patronized.

Baseball games in the afternoon both made up of West Paris and South Paris town teams. Both games were won by West Paris, first 12 to 8 and second 12 to 9.

Supper was served in Centennial Hall. Moving pictures and dance in Grange hall. The celebration was planned to raise money for the Red Cross, so every body turned out to make it a success, and successful it was if figures tell the story and all know that they do.

The proceeds of the day amounted to \$307.81 for the benefit of the Red Cross. At the business meeting of the Red Cross, Monday evening it was voted to give the public in general and individually, all who helped in any way to the grand success, a hearty thank you.

A baptismal service was held Sunday, when three persons were united with three others at North Paris, where the ordinance was performed. A large company from here accompanied them. It is expected that the right hand of fellowship will be extended to the new members here next Sunday, also there will be some to join them by letter. The Lord's supper will also be observed. At North Paris, July 2nd there will be new members received by baptism and by letter.

The new party comes well recommended and is not an entire stranger. He has formerly been in trade with F. H. Noyes in the Blue store, so has had experience in such business and no doubt will be liked when the public get used to the change.
